Most of the references are in English. For the one German patent reference, a copy of the U.S. Patent Application No. 5,331,483, which is enclosed, corresponds to the German patent application. The abstracts provided for the Japanese patents provide an explanation of the relevance of those references to the best understanding of the Applicant and his Attorney. The claims in this case are the same as some of the claims in a PCT case. A copy of the PCT search report for that case, mailed June 22, 2001, is enclosed. Also enclosed is a copy of a PCT search report, mailed May 9, 2001, on a related invention. In accordance with 37 C.F.R. § 1.97(e)(2), Applicant hereby certifies that the references contained in this Sixth Supplemental Information Disclosure Statement that are also on the search reports were first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the Sixth Supplemental Information Disclosure Statement. The other references cited in the search reports are already of record.

The remaining references were recently cited in co-pending U.S. applications of the Applicant on related inventions. In accordance with 37 C.F.R. § 1.97(e)(2), Applicant hereby certifies that none of the remaining references contained in this Sixth Supplemental Information Disclosure Statement were cited in a communication from a foreign patent office in a counterpart foreign application, and to the knowledge of Applicant's attorney after making reasonable inquiry, none of the remaining references contained in the Sixth Supplemental Information Disclosure Statement were known to any individual designated in § 1.56(c) more than three months prior to the filing of the Sixth Supplemental Information Disclosure Statement. No fees are believed to be due in connection with this Sixth Supplemental Information Disclosure Statement. However, should any fees under 37 C.F.R. §§1.16 to 1.21 be deemed necessary for any reason relating to these materials, the Commissioner is hereby authorized to deduct said fees from Brinks Hofer Gilson & Lione Deposit Account No. 23-1925.

Applicant respectfully requests that the listed documents be made of record in the present case.

Respectfully submitted,
